Professional Summary

Computer Science graduate with experience in full-stack development, data analysis, automation, and infrastructure. Skilled in building APIs and end-to-end applications, with a strong focus on performance, reliability, and software engineering best practices. Experienced in Linux environments, application containerization, and data manipulation and analysis.

Technical Stack

Languages: Python, Java, JavaScript, PHP, C, Flutter, TypeScript

Backend: Spring Boot, JPA/Hibernate, FastAPI

Frontend: React, Angular

Databases: PostgreSQL, MySQL, MongoDB, Oracle Database

DevOps / Infrastructure: Docker, Kubernetes, Linux, Git, Zabbix, Airflow, Proxmox, Bash

Other: Web Scraping (Selenium, Scrapy), OpenCV

Relevant Projects

AI-Orchestrated Tabletop RPG System

Collaborative Project, 2026. Present

- Development of a web application supporting an AI agent responsible for narrating and managing tabletop RPG sessions
- Implementation of APIs and CRUD operations for managing characters and campaigns
- Database modeling and data persistence for the application
- Development of a web interface for creating character sheets
- Application containerization using Docker

E-commerce REST API, Java, Spring Boot, PostgreSQL

- Development of a REST API for product management
- Implementation of CRUD endpoints following an MVC-based architecture
- Integration with a PostgreSQL database

Relevant Projects

Facial Recognition System, Python, OpenCV, Keras-Facenet

- User identification system using computer vision
- Real-time image processing
- Implementation of a facial detection and recognition pipeline

Automated Web Scraping, Python, Selenium, Scrapy

- Automation of web navigation and interaction with web pages
- Data extraction and processing directly from web interfaces
- Data manipulation and preprocessing

Education

Bachelor's Degree in Computer Science

Federal Institute of Minas Gerais (IFMG)

Graduated: 2025

Technical Degree in Computer Maintenance and IT Support

Federal Institute of Minas Gerais (IFMG)

Graduated: 2014

Languages

Portuguese: Native

English: Intermediate

Spanish: Basic

Certifications

- Oracle Cloud Database Services 2025 Certified Professional
- Oracle Cloud Infrastructure 2025 Certified Data Science Professional
- Oracle Cloud Infrastructure 2025 Certified Foundations Associate
- Oracle Data Platform 2025 Certified Foundations Associate
- Amazon Web Services (AWS): Essencial
- Banco de Dados SQL
- Orquestração de Containers com Kubernetes
- Docker
- Git e Github
